About the Role

Internal Role Title: Medical Lead

Location: Singapore #LI-Hybrid

Novartis is unable to offer relocation support for this role: please only apply if this location is accessible for you.

About the Role:

This role will be involved with Medical Affairs activities catering to Cardiovascular and its upcoming pipeline molecules for Nephrology. The role will also support Ophthalmology as a franchise. We are looking for candidates with strategic outlook and operational excellence to build the CV portfolio further.

Cardiovascular is a focused therapeutic area for Novartis. The pipeline molecules are in a niche space and will bring value to patients with Cardiovascular disease. We hope to have candidates with a similar vision of to transform clinical practice by bringing our innovations to patients.

Key Responsibilities:

- Ensure medical enquiries are responded to in a high quality, timely manner, and in accordance with applicable standards; establish standard response documents as appropriate, for frequently asked questions.
- Provide medical/scientific input into the development and execution of clinical trial or clinical research related activities, including initiation and oversight of clinical studies / clinical research within the respective therapeutic area. Support country strategy for Non Interventional Studies/Investigator Initiated Trial activities.
- Coordinate review and approval of medical materials and locally developed promotional materials; ensure medical materials provided from global or region for stakeholder engagement and events are tailored to local needs, and reviewed/approved per local/P3 guidelines.
- Ensure medical insights are provided to cross functional groups, including, but not restricted to: Pharmacovigilance, Regulatory affairs, Market Access, QA, Commercial teams, Brand team and others.
- Responsible for risk identification and assessment, mitigation planning as well as implementation and monitoring of appropriate internal controls within the area of responsibilities.

Diversity & Inclusion / EEO

We are committed to building an outstanding, inclusive work environment and diverse teams representative of the patients and communities we serve.

Role Requirements

Essential Requirements:

- +3 years of medical affairs experience in relevant industry
- Medical doctor or PhD in science
- Nephrology related experience is a big plus
- Operations Management and Execution
- Strong cross functional collaboration with agile attitude
- Business proficiency in English
