

Former national swimmer shares his Ankylosing Spondylitis (AS) journey

Former national swimmer, Clement Lim, shares his journey of Ankylosing Spondylitis (AS).

May 15, 2018

Former national swimmer, Clement Lim, shares his journey of Ankylosing Spondylitis (AS), an autoimmune disease and a type of arthritis of the spine. Clement's AS treatment involves a combination of medication and physiotherapy, which has helped him manage his condition and continue his competitive swimming.
