

Transforming Transplantation: Story of Lucy & Hock Seng

Jul 25, 2019

Novartis has been helping transplant patients lead normal lives in Singapore since 1988. This successful transplant story features one of Singapore's oldest living-donor and recipient spouses. Lucy, a 74 year old woman donated her kidney to save her husband back in 2011. "Apart from our children, this is the best present my wife has ever given me." - Tan Hock Seng, kidney transplant patient.
