

Galen Growth and Novartis Biome Partner To Launch The Records, a Series of Hybrid Events To Discuss the Future of Healthcare

May 06, 2021

Galen Growth, the leading HealthTech analytics and data company, is excited to announce its partnership with Novartis Biome, Singapore, to create The Records^(*). The Records is a monthly series of brown-bag sessions planned for the Biome lab space, making it a melting pot for digital health innovation.
